Bar, Ball & Bell: Focus on core, cardio and strength training by using weighted bars and exercise balls. A variation of pilates with a ball.

Beginners/Intermediate Spinning: By combining a variety of challenging rides, from sprints, intervals, hills and more, this great cardiovascular workout also strengthens and tones your leg muscles. You can work at your own pace since you control the tension/resistance on your bike.

Broga Stretch (Men): This class is designed for golfers and teaches basic stretching and relaxation techniques. Focus is placed on increasing flexibility through a variety of postures.

Butts & Guts: Designed to target abdominals and glutes, this class incorporates a wide variety of exercises to tighten and tone these hard to hit areas.

Chair Yoga/Stretch & Balance: Chair Yoga is an adapted form of yoga that makes yoga accessible to everyone. The chair replaces the yoga mat and becomes an extension of the body allowing the client to take full advantage of the benefits of yoga.

Circuit Training: A form of body conditioning that involves endurance training, resistance training, high-intensity aerobics, and exercise performed in a circuit that targets strength building and muscular endurance.

Elite Spinning: Enjoy this high intensity, upbeat class designed to keep you motivated and energized. Focused on smooth transitions between fat burn, cardio and anaerobic heart rate zones while staying in sync to the music. Suitable for intermediate to advanced riders. Come prepared to bring it!

Fit for Life: This light functional class focuses on balance and physical skills for mildly disabled and healthy adults who want to maintain an active lifestyle.

Flow Yoga: A mixture of meditation, breath-work and energizing movement. It begins with gentler movements to warm up the body, then transitions to progressively more challenging flowing sequences.

Hatha Yoga and Meditation: A mindful 30-minute Hatha yoga sequence and 30-minute restorative meditation class. Hatha will focus on restorative and gentle yoga postures to build flexibility and strength. Meditation practice will differ based on the theme of the yoga postures. The sequencing for this class can vary from Chakra style meditation to Yoga Nidra.
