

# SEPTEMBER SPA SPECIAL

---

## MOROCCANOIL CONDITIONING TREATMENTS

Get the silky, shiny hair you've always wanted with our Moroccan oil hair treatments. Choose between two hair masks depending on your needs with the help of your stylist's recommendation.

### **The Moroccan oil Intense Hydrating Mask**

is a high-performance, rich and creamy deep conditioner formulated for medium to thick, dry hair. Rich with antioxidants from argan oil and nourishing ingredients, this formula hydrates and conditions while dramatically improving your hair's texture, elasticity, shine and manageability.

### **The Moroccan oil Restorative Hair Mask**

is a 5 – 7-minute treatment used to treat hair that has been damaged by chemical treatments or heat styling. Its high-performance formula contains argan oil, shea butter, and keratin proteins that help fortify hair, increase elasticity, and promote a healthier look and feel.

Either of these services can be added to any hair appointment or scheduled on its own for \$22, not including gratuity.
